

OPEN HOUSE

Oak Bluffs residents, voters and friends are cordially invited to two Open Houses to participate in the concept development and design for a new building to replace the present Town Hall. It is an opportunity to visit with members of the Building Committee and discuss the process and concepts being considered for a new building.

The first Open House will be held at Town Hall from 10 AM to 5 PM on February 1, 2017. Please enter the Open House on the lower level at the far-right door into the conference room. A committee member will greet you and guide your self-tour of the many varied planning documents, sketches and photos available to the committee. For the intrepid, physically able visitor, there will be a self-guided walking tour of Town Hall spaces, some not normally open to the public. For everyone, there will be some light refreshment and a virtual tour of Town Hall.

The second Open House will be held at the new Fire/EMS building from 10 AM to 5 PM on March 1, 2017. There will be parking provided in the Station's paved area next to Fire House Lane. Please enter the Open House through the office door facing Fire House Lane. The Open House will start in the first floor conference room. A committee member will greet you and guide your self-tour of the many varied planning documents, sketches and photos available to the committee. For the intrepid, physically able visitor, there will be a guided walking tour of the new Station spaces, some not normally open to the public. For everyone, there will be some light refreshment.

The Town Hall Building Committee is very interested in hearing from you. Please come and share your thoughts and insight with us.
