- Washington park @ 17 Wayland Avenue

Commissioners meet at 17 Wayland Avenue to discuss the removal of a large oak tree. Commissioners Combra and Lima both felt that the tree did not need to be removed.

Commissioner Richie Combra said that he can have the Highway Department remove the fallen branch and clear the overgrown vegetation on park property. He advised that the Foreman knows where the property bound is located.

- Town Beach at bus stop near SSA

Commissioners went through the gap in the metal railing fence to the old concrete stairs that lead down to remains of the wall. They observed that the concrete needs to be patched and the railings replaced on the fence so people stop using that access point.

Richie said that he would look into getting the railing replaced and have the Foreman look at the concrete again.

Meeting adjourned.
