Discussions:

1:00PM – NOI 395 Barnes Road M36 P5 5-3 Reid Silva on behalf of Dwight and Antoinette Bush,
Notice of Intent to remove an existing deck and construct and maintain new deck additions within the buffer to a F.E.M.A. flood zone.

Reid Silva of Vineyard Landscaping and Engineering began the meeting by using a site plan to demonstrate where a new deck would be built outside of a semi-detached guesthouse. A doorway to access this guesthouse would need to be built. He also indicated where an existing deck would be. Members had questions about potential landscaping, the status of a cherry tree that is being supported by a cinder block, and how holes for the deck would be dug. The meeting concluded.
