

**Goodales Construction Company
2011, 2015 State and Federal Oversight***

Date	Agency	Permit	Notes
2011 information compiled from a Martha's Vineyard Commission Staff Report generated for a Discretionary Referral they voted not to approve from the Town of Oak Bluffs. *Note that area is in a designated Priority Habitat of Rare Species designated by the NHESP. List may not be complete.			
2011	Mass. DEP (Department of Environmental Protection)	any other permitting?	Last approved for a modification on 9/9/1987. Also not inspected since MAY 1989
2011	Federal EPA (Environmental Protection Agency)	2008 National Pollution Discharge Elimination System (NPDES) permit	MVC said it needed to be determined whether or not this applied
2011		Process Waters permit	Possibly required
2011		Spill Prevention Control and Countermeasure Plan	MVC determined in 2011 that Goodales should implement a plan. <i>For reference, see 40 CFR Part 112</i>
2011	U.S. Mining Health and Safety Administration, New Hampshire Div.	quarterly filings	Property owner said they have annual inspections
2011 Planning Concerns:			
Permits and Oversight: What (other) local, State or Federal permits are required for the various operations at Goodale's, such as mining, asphalt production, concrete production, structures, etc.? Who and how often are the various operations inspected?			
Emissions: Who regulates the control of air emissions from the asphalt plant?			
NHESP: What will they require / allow?			
2015 information from applications sent to EEA by Rackemann Consulting on behalf of Goodale Construction Company. Description of property: <i>"The Goodale Quarry, located at 164 Edgartown Road in Oak Bluffs... is a sand and gravel quarry located on a 100 +- acre site, which has been dedicated to sand and gravel quarry uses since the 1920s. Of the Quarry Property, about 74 acres is disturbed by past and current mining, about 24.5 acres is wooded, and about 1.5 acres is unpaved driveways. About 2.0 acres of the disturbed area is transplanted habitat."</i>			
2015	Executive Office of Energy and Environmental Affairs - MEPA ofc	CMP (Conservation and Management Permit)	
2015	Federal EPA (Environmental Protection Agency)	ENF (Environmental Notification Form)	under provisions of Massachusetts Environmental Policy Act (MEPA)
2015		NHESP Conservation and Management Permit	Needed for project that triggered ENF ("Greater than two acres of disturbance of designated priority habitat...")
