**STATEMENT OF SUPPORT**

The Oak Bluffs Planning Board stands behind the Affordable Housing Committee's February 22 recommendation to the Select Board to encourage the Martha's Vineyard Commission NOT to modify DRI 670. The Planning Board would like a ruling on current compliance prior to any consideration of modification.

Because a modification of DRI 670 will trigger a review of the special permit granted at the municipal level, we ask that you first rule on compliance only and then inform the planning board before considering any potential modifications.

A handwritten signature in cursive script, which appears to read 'Ewell Hopkins, Jr.', is written in black ink.

Ewell Hopkins, Chair
