Members of the Zoning Board of Appeals:

Please allow this email to serve as support for the proposed building project at 43 Farm Pond Road. My wife and I own the property at 38 Farm Pond Road which is diagonally across the street from the Sullivan house and have reviewed the architectural renderings and detailed descriptions of the scope of the proposed project.

For a variety of reasons including the fact that the new (ADA accessible) house will beautify and add value to the neighborhood as well as the fact that the Sullivan family (who have been caring members of Harthaven and the island community for a long time) previously constructed the beautiful property at 19 Farm Pond Road with minimal interference to neighbors.

For all of the above reasons, my wife Randi Markel and I support the current application.

Feel free to contact me if you have any questions. My cell is 858.877.0903.

Adam Markel
